STAFFORD SPRINGS

Makant, Thomas Bolderson, Fred Condicand Mr. Driscoll.

After 26 days of dry weather in this section, the drouth was beeken Saturday night and Sunday by a copious downpour. Ordinarily at this time the brooks and ponds should be filling up. As a fact, low water is reported as the result of the three weeks of no rain.

Game wardens in this section received the intelligence Saturday that the hunting season insteal of opening today, the 5th, will remain close until Oct. 23d. This by proclamation of Gowerner Evecett 'I. Lake. Unless the recent heavy rains shall operate as the cause for a change in the executive order, there will be no hunting here for two weeks more.

The clam chowder served at Newent Friday evening proved an inequalified success. There were several parties from Iewett City. Nowwich Town and other nearby localities. The hundsome dailia decorations for the tables were from the choice varieties in Rev. W. J. Reynolds' gardens.

Jewett City, Oct. 8.—Louis Bachaud's
Baby Grand Chewrolet tipped over on
the Voluntown road, near Gilbert's stage
crusher, this/afternoon. The car was crusher, thus afternoon. The car was badly wrecked, the seven people riding in the car were thrown out, nobody being badly hurt.

The accident occurred when the driver swerved and applied the emergency to avoid colliding with another machine. The owner of the car was not at the wheel. A large number from the town went over to see the wreck.

DODGE BROTHERS BUSINESS SEDAN

With this car, Dodge Brothers have literally created

They have combined open car ruggedness with closed car protection and smartness:

They have demonstrated, once for all, that a sedan can be as practical and almost as inexpensive as an open touring car.

The body is built of hand-welded steel because steel is sturdy, and will take a permanent, oven-baked finish, eliminating forever the cost of repainting.

The seats are upholstered in attractive, genuine Spanish blue leather, because leather will wash and

To further enlarge the car's nacfulness, the rear seat, back and side cushions, seat frame and foot rest are quickly removable, giving sixty-four cubic feet of flat loading space in the rear compartment. The manifold uses made possible by this unique feature are readily imagined.

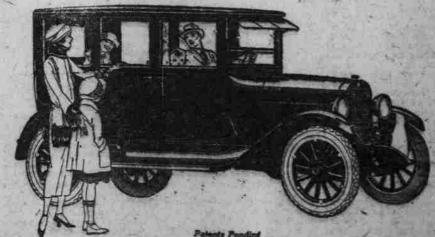

The top and rear quarters are of non-rumble, fabric construction, conforming with the present attractive vogue. From cord tires to curtain cords, the fittings, inside and out, are distinctive and complete.

In fact, every detail of the ear emphasizes its strik-ing adaptability to business as well as social use.
